Valuing diversity and promoting equality

Policy statement

It is our intention to make our setting accessible to children and families from all sections of the local community. our aim to ensure that all sections of our community have access to the setting through open, fair and clearly communicated procedures.

We are committed to ensuring that our service is fully inclusive in meeting the needs of all children.

We recognise that children and their families come from a wide range of backgrounds with individual needs, beliefs and values. They may grow up in family structures that include one or two parents of the same or different sex. Children may have close links or live with extended families of grandparents, aunts, uncles and cousins; while other children may be more removed from close kin, or may live with other relatives or foster carers. Some children come from families who experience social exclusion, severe hardship; discrimination and prejudice because of their ethnicity, disability and/or ability, the languages they speak, their religious or personal beliefs, their sexual orientation and marital status. Some individuals face discrimination linked to their gender and some women are discriminated against because of their pregnancy and maternity status. We understand that all these factors can affect the well-being of children within these families and may adversely impact on children's learning, attainment and life outcomes.

We are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families using our setting. We aim to:

- promote equality and value diversity within our service and foster good relations with the local community;
- actively include all families and value the positive contribution they make to our service;
- promote a positive non-stereotyping environment that promotes dignity, respect and understanding of difference in all forms;
- provide a secure and accessible environment in which every child feels safe and equally included;
- improve our knowledge and understanding of issues relating to anti-discriminatory practice,
- challenge and eliminate discriminatory actions on the basis of a protected characteristic as defined by the Equality Act (2010) namely:
 - age;
 - gender;
 - gender reassignment;
 - marital status;
 - pregnancy and maternity;

- race;
 - disability;
 - sexual orientation; and
 - religion or belief.
- where possible, take positive action to benefit groups or individuals with protected characteristics who are disadvantaged, have a disproportional representation within the service or need different things from the service.

Admissions

Our setting is open and accessible to all members of the community.

- We ensure that the existence of our setting is widely advertised in places accessible to all sections of the community.
- We ensure that information about our setting is accessible, using simple plain English, in written and spoken form and, where appropriate, provided in different community languages and in other formats on request.
- We arrange our waiting list in birth order. In addition, our policy may take into account:
 - the age of the child, with priority given to children who are eligible for the free entitlement – including eligible two year old children;
 - the length of time on the waiting list;
 - the vicinity of the home to the setting;
 - whether any siblings already attend the setting; and
 - the capacity of the setting to meet the individual needs of the child.
- We offer funded places in accordance with Essex and any local conditions in place at the time.
- We keep a place vacant, if this is financially viable, to accommodate an emergency admission.
- our setting and its practices are welcoming and make it clear that fathers, mothers, other relations and carers are all welcome.
- our setting and its practices operate in a way that encourages positive regard for and understanding of difference and ability - whether gender, family structure, class, background, religion, ethnicity or competence in spoken English.
- We support children and/or parents with disabilities to take full part in all activities within our setting.
- We monitor the needs and background of children joining our setting on the Registration Form, to ensure that no accidental or unintentional discrimination is taking place.
- We share and widely promote our Valuing Diversity and Promoting Equality Policy.
- We consult with families about the opening times of our setting to ensure that we accommodate a broad range of families' needs.
- We are flexible about attendance patterns to accommodate the needs of individual children and families, providing these do not disrupt the pattern of continuity in the setting that provides stability for all the children.

- Failure to comply with the terms and conditions may ultimately result in the provision of a place being withdrawn.

Employment

- We advertise posts and all applicants are judged against explicit and fair criteria.
- Applicants are welcome from all backgrounds and posts are open to all.
- We may use the exemption clauses in relevant legislation to enable the service to best meet the needs of the community.
- The applicant who best meets the criteria is offered the post, subject to references and suitability checks. This ensures fairness in the selection process.
- All our job descriptions include a commitment to promoting equality, and recognising and respecting diversity as part of their specifications.
- We monitor our application process to ensure that it is fair and accessible.

Training

- we seek out training opportunities for [our staff and/myself and my] volunteers to enable them to develop anti-discriminatory and inclusive practices.
- We ensure that our staff are confident and fully trained in administering relevant medicines and performing invasive care procedures on children when these are required.
- We review our practices to ensure that we are fully implementing our policy for Valuing Diversity and Promoting Equality.

Curriculum

The curriculum offered in our setting encourages children to develop positive attitudes about themselves as well as about people who are different from themselves. It encourages development of confidence and self esteem, empathy, critical thinking and reflection.

We ensure that our practice is fully inclusive by:

- creating an environment of mutual respect and tolerance;
- modelling desirable behaviour to children and helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable;
- positively reflecting the widest possible range of communities within resources;
- avoiding use of stereotypes or derogatory images within our books or any other visual materials;
- celebrating locally observed festivals and holy days;
- ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning;
- ensuring that disabled children with and without special educational needs are fully supported;
- ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages

We will ensure that our environment is as accessible as possible for all visitors and service users. We do this by:

- undertaking an access audit to establish if the setting is accessible to all disabled children and adults. If access to the setting is found to treat disabled children or adults less favourably, then we make reasonable adjustments to accommodate the needs of disabled children and adults.
- fully differentiating the environment, resources and curriculum to accommodate a wide range of learning, physical and sensory needs.

Valuing diversity in families

- We welcome the diversity of family lifestyles and work with all families.
- We encourage children to contribute stories of their everyday life to the setting.
- We encourage mothers, fathers and other carers to take part in the life of the setting and to contribute fully.
- For families who speak languages in addition to English, we will develop means to encourage their full inclusion.
- We offer a flexible payment system for families experiencing financial difficulties and offer information regarding sources of financial support.
- We take positive action to encourage disadvantaged and under-represented groups to use the setting.

Food

- We/ work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious or cultural needs are met where ever possible.
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them.

Meetings

- We positively encourage fathers to be involved in the setting, especially those fathers who do not live with the child.
- Information about meetings is communicated in a variety of ways - written, verbal and where resources allow in translation – to ensure that all mothers and fathers have information about, and access to, the meetings.

Monitoring and reviewing

- So that our policies and procedures remain effective, we monitor and review them annually to ensure our strategies meet our overall aims to promote equality, inclusion and to value diversity.
- We provide a complaints procedure and a complaints summary record for parents to see.

Public Sector Equality Duty

- We have regard to the Duty to eliminate discrimination, promote equality of opportunity, foster good relations between people who share a protected characteristic and those who do not.
